

BFR Guidelines During the COVID-19 Precautionary Period

In response to new health risks created by gatherings of multiple people, we are implementing additional precautions to lessen the potential transmission of COVID-19 to our participants and staff.

When you arrive at BFR

1. If you feel sick or have been in contact with someone displaying symptoms, stay at home. If you should become sick during an event, see our medical staff and/or leave the facility immediately.
2. Your temperature will be taken prior to entering the event. Please allow extra time to get through the gate.
3. Download, complete and sign your waiver at home and bring it to registration if you prefer not to sign documents at the track. Bring your own pen.
4. Wear a face covering when presenting your documents to registration. Maintain social distancing whenever possible remaining 6 feet from other individuals.
5. Avoid personal contact with other participants. Do not touch other participants' tools, vehicles, or other personal items.
6. Participants must bring their own hand sanitizer. All team members should practice frequent hand washing. Additional hand sanitizing stations will be available in the paddock area.
7. Participants are required to provide their own personal gear. Sharing personal equipment is prohibited.
8. The restrooms and porta-potties will be available and sanitized frequently. Facial covering is required in the restrooms.

Paddock and Grid Areas

1. The Illinois Department of Public Health mandates the use of a face covering for everyone over the age of 2 who can medically tolerate one in all public areas such as the Café, Pit Stop, Tech Building, Control Tower, Pavilion, Medical, and restrooms and in situations where you are unable to maintain a safe social distance of 6 feet from others.
2. Concessions will be available. Food will be available at the window while maintaining social distancing.
3. Seating in the Pavilion area may be available for dining. When the Pavilion is unavailable, participants will need to use the limited outdoor seating near the Pavilion or in the Hawk's Nest or return to their paddock areas.
4. No group events will be permitted. Evening meals and gatherings will be prohibited.
5. Communication with drivers/racers/riders will be done via the PA system and/or FM radio.
6. Each driver/racer/rider will be allowed 3 crew members. No spectators will be permitted. On the false grid, one crew member can assist the driver/racer/rider.
7. Racers will paddock 10 feet from each other.
8. Camping will only be available for participants and their crew members.
9. BFR will refine procedures for classroom sessions to accommodate social distancing. Please sit in your own chair and use your own pen to sign paperwork.

Failure to follow the BFR guidelines may result in your removal from the facility.

These guidelines will be reviewed according to changing conditions.
